Artoletta  
by Koji Akama

Designed wrapping toilet: Artoletta is a new culture which will bring people delight and surprise. The practical sense that toilet is white may go out of use by the introduction of Artoletta. The design of Artoletta can be arranged by such as Japanese traditional Ukiyo-e, international works of art and various kind of patterns, all of which are carefully decorated one by one by craftsmen. Artoletta, born in Japan, merged toilet with art as the word tells. People enjoy the toilet design as a fashion and the restroom space will keep evolving by gaining a new option. And finally, Artoletta will enrich people's lives.
